Chesapeake Otolaryngology Associates

A division of The Centers For Advanced ENT Care

Release of Information and Assignment

I hereby authorize you to release to my referring physician and/or family doctor any information including the diagnosis and records of any treatment or examination rendered to me.

I certify that the information I have reported with regard to my insurance coverage is correct. I hereby assign my insurance benefits to be paid directly to Chesapeake Otolaryngology Associates, LLC for services rendered. I acknowledge that I am financially responsible for all non-covered services, deductibles, and copayments. I also authorize Chesapeake Otolaryngology Associates, LLC to release any information required to process this claim.

This authorization may be revoked by either my insurance carrier or me at any time in writing. I understand that my insurance coverage is a contract between the insurance company and myself and that Chesapeake Otolaryngology Associates, LLC will submit claims on my behalf, but will not be responsible for filing appeals or disputing rejections. I authorize and understand that the physician's office will be billing electronically. A copy of this authorization may be used in place of the original.

I understand that I am responsible for all charges incurred regardless of my insurance status. Charges not paid within ninety (90) days by insurance companies will be made patient responsible. I further agree, in the event of default due to nonpayment, to be responsible for collection fees, court costs and/or legal fees and that there will be a \$35.00 fee for all returned checks. I agree that I will pay \$50.00 for any missed visit where I have failed to notify this office. In addition if I do not notify the office to cancel my appointment 24 hours in advance I will be charged a \$25.00 fee. Any VNG (balance testing) appointments not canceled in 48 hours will be fined \$100.00.

(PATIENT FINANCIAL RESPONSIBILITY)

Please be aware that certain insurances may consider procedures performed in our office as “surgery” and not included in the standard office visit charges. These procedures will be **billed separately and in addition to** the office visit charges. Because some insurance carriers are classifying these procedures as “surgery” they are applying the charges to a higher deductible and /or copay amount. The result may be insurance payment for an office visit but not a procedure. In such cases, payment for the procedure **will be due from the patient**. Be assured that we are following accepted billing and coding guidelines and that all procedures are performed in the best interest of the patient.

Examples of in-office procedures include:

Flexible laryngoscopy: This procedure involves passing a long thin flexible fiber optic scope through the nasal cavity and into the throat. The fiber optic scope enables the physician to visualize areas of the throat not readily seen. If you are complaining of throat or ear problems, the provider may need to perform this exam to adequately diagnose the problem.

Nasal endoscopy: This procedure uses the flexible or rigid scope attached to a light source to view areas of the nasal cavities that cannot be viewed by the physician using the standard nasal speculum and head mirror.

Nasal endoscopy with debridement or biopsy: This is the same procedure as above with removal of crusting or tissue. This is often performed for patients who are following up after sinus surgery, to assist in the healing of the tissues.

Nasopharyngoscopy: This procedure is used to visualize the back of the nose and Eustachian tubes.

Removal of impacted wax from the ear:

Audiological Testing to include hearing and balance testing: We offer you the convenience of in house audiology services. Our doctors and audiologists are separate specialists, and therefore separate copay may apply.

Please speak with our staff if you have any questions.
